Buildings & Grounds

- **McClure Company Covid Study Presentation**
 - Presented by Don Margangoni - McClure Account Executive and John Gunning - McClure Senior Mechanical Engineer
 - Board Members on the committee recommended adding this topic/presentation to the superintendent's report on the monthly Board agenda for 1/11/21.
- **Retirement in Maintenance Department-possibly replace him with HVAC Tech**
 - Administration is working on wording for an MOU with the support services union to add this sort of position to the group. This could happen prior to the expiration of the current contract
- **Unleaded gas problems over the holiday break**
 - Prior to winter break a number of Brandywine vehicles and district owned vehicles started to have mechanical issues. We ruled out water in the tank. Currently 3 NLSD vehicles and 6 Brandywine vehicles had to have their fuel drained and replaced with fresh gas.
 - Vendor placed diesel fuel in the holding tank instead of gasoline
 - We are holding the vendor accountable for repair.
 - We also started a claim with our insurance company.

- We will submit all related invoices to the vendor for payment.
- The vendor has been agreeable so far.
